## My Pension Online

Soon scheme members will be invited to register for [My Pension Online](#). Once a scheme member's annual benefit statement is ready, they will be invited to view it online by registering for the service. Once registered they will have access to their pension record and be able to view their documents online.

If one of your employees would like to receive a paper copy of their statement, please let them know they need to complete our [enquiry form](#). To avoid any potential data breaches, it's important that you inform us when your employees' change address.

We'll issue a special bulletin with full details, within the next few weeks, once the service is live.

## McCloud - request for information

Further to our last update on the McCloud judgement in the [September 2020 newsletter](#), the Government have not yet issued their formal response to last year's consultation. However, early planning has begun, including making sure that we have all the information which may be needed. For example, your employees' hours changes and service breaks.

We will contact all employers directly to check that all required information has been supplied for your employees.

## Ill health retirement tier 3

If one of your employees is approved for LGPS ill health retirement on Tier 3 (where they receive their benefits for up to 3 years), it is your responsibility as the employer to carry out a review of their eligibility. This must be completed 18 months after their retirement.

Failing to carry out the review may affect their pension benefits. If you have any Tier 3 cases and would like further details, please [contact us](#).

## Payments for unused holiday

If an employee leaves without taking all their allocated holiday entitlement and you make a payment for unused holiday, then based on [LGPS regulation 20\(2\)\(c\)](#) the payment isn't pensionable and pension contributions shouldn't be taken on it.
